

ANTONY GORMLEY

ART EVERYWHERE LAUNCH

'Art Everywhere' is a national outdoor exhibition held over 6 weeks across 30,000 poster sites and billboards up and down the country - a summer celebration of the art in the UK's public collections.

Antony Gormley has created an exclusive digital commission for 'Art Everywhere 2014'. Using an iPad to draw the work in one continuous motion, his work is being shown on digital sites nationwide, from London's Piccadilly Circus to Manchester's Trafford Centre.

The work, FEELING MATERIAL, will also be made into a limited edition print, available to all those donating £950 or more to 'Art Everywhere'.
