PRESENT, HOUSE OF ART, ĀĀESKĀĀ BUDĀĀJOVICE, CZECH REPUBLIC, 2019

27 March - 28 April 2019

Two works, CO-ORDINATE and EDGE III, activating and disrupting the five naturally-lit spaces of the House of Art, make up the show PRESENT. The three taut steel lines of CO-ORDINATE articulate the continuity and fracture of the rooms, their light and volume, whilst also implying the continuance of space beyond the walls. EDGE III is a 630-kilogramme solid cast iron body which acts as a destabilising lever on the space.

The House of Art runs a programme of national and international artists and architects curated by Michal Skoda.
